Take a trip back into time with a stroll down memory lane in Toby Shine's Mancave! This is truly a one of a kind experience. We have a 65,000 square foot facility located in the heart of the Iowa Great Lakes. Be prepared to ooh!! and aah!! as you lay your eyes on over 70 classic vehicles in our huge indoor show room. These cars are surrounded by a 28,000 square foot realism styled mural created by Iowa Great Lakes resident, the internationally acclaimed artist, Jack Rees. His vivid rendition featuring downtown Spencer, Iowa and Historic Arnolds Park, Iowa will bring a flood of youthful memories and an abundance of smiles.

We feature a full auto upholstery facility staffed by experienced craftsmen that will restore your car's inner beauty to its factory fresh and new condition. Our style conscious personnel work with leather, vinyl, and fabric as well as all types of carpet and underlayment for premium sound deadening and insulation.

We can do a complete restoration to original specs, repairs as needed, or design a complete over the top custom interior. Your imagination is the only limit. We also make convertible tops in any color or material you desire.

We are the new kids on the block with a lot of history in the rear view mirror. We utilize in excess of 200 years, combined, auto restoration experience. Refurbishing is facilitated in our new 65,000 square foot, state of the art, reconditioning studio. We have the professional skills to do the entire restoration in house. Our facility includes an upholstery, body, and mechanical restoration shop under a single roof. This provides us complete control from start to finish.
